Re: Expansion of Gibraltar Sand and Gravel Pit

Dear Mr. Sinclair:

The Blue Mountain Watershed Trust supports the goals of the Friends of the Pretty River Valley in its campaign to prevent the proposed expansion of the Gibraltar Sand and Gravel Pit. Prevention of such expansion on the brow of the Escarpment and adjacent to the Pretty River Valley Provincial Park exactly fits our mandate to preserve and protect the Niagara Escarpment. We look forward to supporting you in winning this important battle.

Sincerely,
